HSBC-3136-Add-GCP-permissions-documentation-for-the-DTP-Service

Add GCP permissions documentation for the DTP Service

Docs FTMT-27152 HSBC-3136

Also In: 2.8.1 2.9.0

We've added a new page with the minimal set of GCP permissions needed for the DTP service.

Please refer to the [DTP permissions page](#) for more details.

Also, the subscription created by the DTP service for the Inactivity topic is now configured to never expire.
